KECO Coatings: Kephos

Kephos is a phosphate coating with a tough black finish. This coating provides excellent resistance against chemical, impact, abrasion and corrosion environments. Kephos is superior in performance to black oxide, bluing, and phosphate. Kephos is also unaffected by solvents, oil or cutting lubricants.

Properties:

Corrosion: ASTM salt spray no rust creep from cross cut at 192 hours

Coating Thickness: .0004”-.0008”

Marr Test: No breakdown after 350 hours

Example Applications:

- Brackets**
- Car accessories**
- Casting**
- Frames**
- Industrial**
- Magnesium wheels**
- Performance racing**
- Sheet metal components**
- Suspensions**
